

Legal Intern

Intern / Student, Full-time · Munich

Your mission

- Provide legal support to all departments in EMEA under supervision of Lead Counsel
- Support on commercial and contractual implications when dealing with all players involved in the business
- Legal document archiving and managing online platform for signature
- Legal research for national law, updated government policy and case study
- Legal translation for templates and internal document

Your profile

- Based in Munich, Bavaria
- **BILINGUAL of German and English, so we talk at least C1/C2 here**, Spanish is a plus
- Bachelor's degree in Law of a top-tier law school in Germany
- Study in international commercial law or European law is a plus
- Ideal for law students during preparation for state exam
- Highly motivated and problem solver
- Organized and detail-oriented person
- International profile, able to work in a flexible, collaborative, and multidisciplinary environment

Why us?

The discourse of this decade might be overshadowed by Covid19, but sooner or later we will beat and overcome that son of a b****h! The true discourse for this decade lies in energy, 3 main Questions:

1. How do I gain more energy?
2. Is the way I am getting it sustainable?
3. How I can improve my energy harvest?

We are more than happy to state that WE do not only answer these questions well, we also offer the fitting solutions for them. We have the strongest PV-Inverter R&D there is, and now, for this decade, we are increasing our game, and You, **You** might become part of it! Thats sounds like quite the show for someone who is looking for a position to get started in "Legal" does it? :D

Besides that, many things await You:

- Opportunities for Career advancement
- Attractive Compensation & Benefits
- Bonus payment based on pre-agreed and signed KPI agreements
