Or via LinkedIn

## **Who we are:**

AVATR is about bringing people together, connecting ideas and cultures: we believe people from different backgrounds working together in a multidisciplinary atmosphere inspire each other to create a design composition that in the long run radiates its richness from the inside out.

AVATR, inspired by 'avatar', aims to enable each user to create another self in an intelligent parallel world, becoming "your most emotional intelligent companion". Our technology focuses on emotional intelligence and stands for casual luxury with forward-looking design and warm technology. Through a holistic approach the brand looks at the big picture and by understanding users' lifestyle and desires to enable them to pursue what they love.

As an explorer in the new track of smart electric vehicles (SEV), AVATR is committed to building an international high-end SEV brand.

## **What it's like to work with us:**

"Our Design Center is a vivid platform, where people from all over the world will find a stage to unleash their talents! It is a place where ideas and innovative minds meet. A bold and lively discourse of different views and multidimensional design thinking are always welcome here. Authenticity and originality based on our unique design philosophy generate remarkable designs. The AVATR Design Center feels like a small creative family with the vision to find solutions towards future high-end with a humanized spirit".

-Nader Faghihzadeh, Chief Design Officer at AVATR

---

Position: full-time Intern  
Duration: 3 months or longer  
Location: Munich, Germany  
Starting date: As soon as possible

We are looking for a highly motivated intern who is ready to work for a new disruptive and high-end brand in the automotive industry, be part of an excellent international team. As an intern at AVATR Design Center Munich, you will have the opportunity to experience our company culture, expand your network and build skills to develop your expertise.

### **Key Responsibilities**

- Legal Research and Analysis: Conduct thorough research on German and EU legal frameworks, with a focus on German labor law, intellectual property, contract law, and data protection regulations (GDPR).
- Drafting and Document Review: Support the legal team in preparing, reviewing, and revising contracts, non-disclosure agreements (NDAs), internal policies and other legal documents.
- Regulatory Compliance: Assist in ensuring adherence to local and international laws, including GDPR and relevant industry standards.
- Collaborative Problem Solving: Partner with design, marketing, and project teams to provide legal insights and address questions related to their initiatives.
- Document Management: Organize and maintain legal files, ensuring timely tracking and filing of documents and deadlines.

### **Qualifications**

- Currently enrolled in or recently graduated from a legal studies program (LL.B, LL.M, or equivalent).
- Solid knowledge of German and EU legal systems, with expertise in intellectual property and contract law.
- Proficient in German and English, with excellent communication skills in both languages.
- Demonstrated ability to conduct detailed research and apply strong analytical thinking.

**Thank you** for considering joining our team! We look forward to hearing from you and hope you become a part of our company. If you are interested in the position, please apply now. We are excited about the possibility of working together to create a bright future!
